THE FLEXI STORAGE FAMILY

01

Home Solutions system is quick and easy to install into any wardrobe with no cutting required and can be done inexpensively with no prior experience.

Home Solutions is comprised of a versatile wall-mounted closet solution

and baskets & frames range that can be used together or separately.

As well as being ideal for bedroom storage **Home Solutions** is great for use in laundries, pantries, hobby rooms, home office and much more.

02

The **Clever Cube**® range is ideal for your home, office, bathroom, kitchen and anywhere you need a stylish storage solution!

The easy to install components offer mix and match options

that are effective and appealing, designed to compliment and add to a range of decors.

A large range of coloured inserts are available so you're able to truly personalise your **Clever Cube**®.

03

Flexi Storage has a comprehensive range of **Decorative Shelving** to suit your home or office.

The range includes Floating Shelves, Glass Shelves, Style Shelves, Photo Shelves, Flexi Clips and brackets.

HOME SOLUTIONS EXPLAINED

Home Solutions is based on a versatile wall-mounted strip system that can be completely customised to suit your current requirements, as well as being easily adapted when requirements change. Home Solutions also includes the Baskets & Frames range that can be used together or separately.

01 HANG TRACKS

Hang Tracks are the starting foundation of the Home Solutions range. Hang Tracks are designed for Double Slot Wall Strips to mount into. Once you set your Hang Tracks level, simply screw into place and begin hanging the strips. Hang Tracks come in lengths of 667mm to 1800mm and are available in White or Satin Grey.

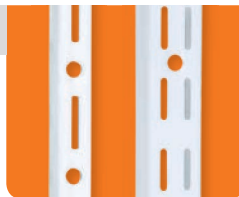

02 HANG TRACK COVERS

Use Hang Track Covers as a spacer to set Wall Strips apart. This will ensure the Wall Strips are the correct distance apart for accessories to be added.

03 WALL STRIPS

Double Slot Wall Strips clip into the Hang Tracks and come in lengths of 300mm to 2133mm. Made of durable powder coated steel, Double Wall Strips are designed for Double Brackets to slot into. You can use Wall Strip Joiners to extend the length of the strips.

04 DRAWERS & BASKETS

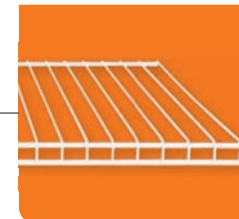

Wire Baskets & Frame range can be combined in many different ways and so can be easily adapted to individual needs and space requirements.

Wire Baskets & Frames and Drawer Units are designed to be a free-standing system that can also be combined with Wall Strips & Brackets. Being free-standing, it is the perfect option for Rental Homes or people wanting a less permanent, flexible solution.

05 SHELVING

Wire Shelves can be hung using our Wire Shelf Brackets in any room. Made from strong, bonded steel, they are chip resistant and allow excellent air circulation. For a more solid look and feel, our Melamine Shelving is the perfect choice and is available in a variety of depths. Perfect for bedrooms, Laundries, Pantries or even Garages.

06 HANGING RODS

Hanging Rods come in 24mm diameter and are made from quality Stainless Steel. Hanging Rods are available in either solid or Telescopic versions ranging from 660mm to 2400mm in length.

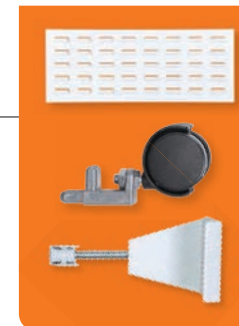

07 SLIDING PANTS RACK

The Sliding Pants Rack has been engineered to fit up to 8 pairs of pants. The unique sliding rail mechanism allows you to completely slide out the rack for easy access.

08 ACCESSORIES

We have a wide variety of accessories available. From Peg Boards and Tote Boards to Shoe Racks and Drawer Units. With our Home Solutions system, the possibilities are truly endless.

**EASY TO INSTALL. SIMPLE TO USE.
SO AFFORDABLE, YOU'LL WISH YOU HAD
FLEXI STORAGE SOONER. FLEXI STORAGE IS
IDEAL FOR EVERY ROOM OF THE HOUSE!**

More than just a storage system, Flexi Storage - Home Solutions will truly transform your life, creating an overwhelming sense of order and organisation in your space. Ideal for your office, pantry, laundry, bathroom and garage, this system is here to help, and get the most disorganised - organised, simply and efficiently.

FLEXI STORAGE • HOME SOLUTIONS

CHANGE THE SYSTEM AS
YOUR NEEDS CHANGE.

APPLICATION GUIDE

WALK-IN ROBE

A comprehensive and cost effective way of transforming your tired robe into an amazing space.

APPLICATION GUIDE

CORNER WARDROBE

Home Solutions is the perfect way to neatly turn your unutilised corner space into an amazing wardrobe!

HOME OFFICE

Maximise free space by adding a home office - without the clutter!

LAUNDRY

Easily transform your laundry into an organised oasis by maximising your limited space!

APPLICATION GUIDE

HOBBY/CRAFT ROOM

Revitalise your spare room into a truly functional space with Home Solutions.

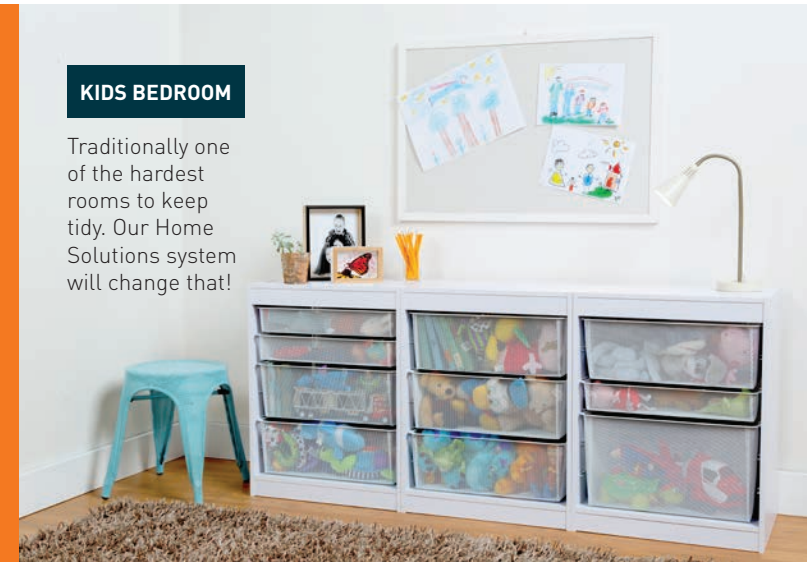

PANTRY

Home Solutions is ideal for transforming wasted pantry space into extra, useable storage for the most important consumables!

KIDS BEDROOM

Traditionally one of the hardest rooms to keep tidy. Our Home Solutions system will change that!

DIY

STEP-BY-STEP INSTALLATION GUIDE

Home Solutions can be installed into Masonry, Plasterboard or Wall Studs. Please use the required wall plugs and mounting systems applicable to each of them.

01 MEASURE AND PLAN

Measure and plan your system first. Using your planning sheet (page 47) ensure your measurements are correct.

02 INSTALL YOUR HANGTRACK

Installing your Hangtrack is easy. Just ensure that it's level (using a spirit level) before screwing in. This step is critical as the whole Home Solutions system requires a level foundation! Don't worry about the look of the Hang Track, as we have Hang Track Covers to cover up the track.

03 INSTALLING THE WALL STRIPS

To install the Wall Strips, simply hang them from the Hang Track working from one end first. Before fixing your first Wall Strip ensure it's vertical using a spirit level. Once fixed to the wall, install the other Wall Strips by using the Hang Track Cover as a spacer. This sets each Wall Strip 558mm apart allowing all Home Solutions accessories to be used.

04 WALL STRIP JOINERS

If you want to extend the length of your wall strips simply use our Wall Strip Joiners. These enable you to attach another wall strip simply and easily. Wall Strip Joiners are ideal if you want to maximise the vertical space you have. Don't worry, you can install Wall Strip Joiners at any stage should you require them in the future!

WHAT YOU'LL NEED:

Tape Measure, Pencil, Spirit Level, Power Drill/Driver (recommended with Philips Heads and/or a Philips Head Screwdriver, Step Ladder.

05 INSTALLING YOUR BRACKETS

Our Wall Strip Brackets simply click securely into our Wall Strips. To add a Hanging Rod, simply clip in our Hanging Rod Bracket into the required depth, then click in our Hanging Rod.

06 INSTALLING WIRE SHELVES

Our Wire Shelves come in a variety of widths and are perfect for use in wardrobes and laundries as the ventilated structure allows for greater air circulation. To install, simply clip them into the bracket (nose first) then lock into place. For an added clean appearance we recommend adding our Nose End Covers.

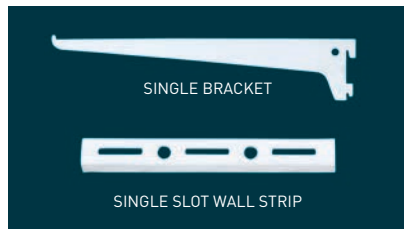

07 ACCESSORISE

Now that you have established your layout, you can accessorise your Home Solutions system to suit your needs. With Sliding Baskets, Pants Racks, Single Drawers, Shoe Racks and much, much more being available, you can accessorise until your heart's content.

08 ENJOY

Your Home Solution set-up is now complete! Don't worry, if you change your mind you can always refresh your system at any time!

ABOVE: 3 TIER SYSTEM USING SINGLE SLOT WALL STRIPS WITH OPTIONAL MELAMINE SHELVES INSTALLED

SINGLE SLOT WALL STRIPS

Single Slot Wall Strip and Single Bracket system is our most economical wall-mounted storage system.

Single Slot Wall Strips come in lengths of 145mm to 2000mm and are available in Black & White.

Single Brackets clip into our Single Slot Wall Strips and are designed to be used with our Melamine Boards (or your own timber boards) and come in depths from 150mm to 600mm and are available in Black & White.

PLEASE NOTE

Accessories from the Flexi Storage 'Home Solutions' range are not designed to fit the Single Slot Wall Strips or Single Brackets.

The Single Slot Wall System is designed to accept Home Solutions Melamine Shelves or your own shelves.

Not sure if you need Hanging Rods just yet? Don't worry, Hanging Shelves and Brackets can be retrofitted to Wire Shelf brackets at any stage!

BELOW: HANGING ROD BRACKETS SIMPLY CLIP INTO OUR WIRE SHELF BRACKETS.

WIRE SHELVES

Wire Shelves can be installed using our Wire Shelf brackets in any room. Made from strong bonded steel, they are chip resistant and allow excellent air circulation. Perfect for bedrooms Bedrooms, Laundries, Pantries or even Garages. Wire Shelves can also be used as angled shoe shelves using with our Shoe Shelf Brackets to create angled shelves perfect for storing shoes.

Wire Shelves come in depths of either 335mm or 350mm and, if required, are designed to be overlapped to ensure any width is spanned. They come in lengths ranging from 667mm to 1840mm. Available in White or Satin Grey.

WIRE SHELVES: CHOOSE FROM WIDTHS OF 667MM TO 1840MM

Wire shelves can be overlapped to maximise your available space and takes away the need to cut shelves.

When overlapping Wire Shelves, please use an A shelf first as B shelves are designed to overlap.

When using just a single shelf, either A or B shelves can be used.

SHOE BRACKETS USED TO TRANSFORM WIRE SHELVES INTO SHOE SHELVES

WIRE SHELF AND SHELF ACCESSORIES

NOSE END COVERS

Our Nose End Covers simply slip over the end of the Wire Shelf Brackets for a neat and tidy appearance. For those installing Wire Shelves to their Home Solution system, the Nose End Covers add extra security to the wire shelf brackets. Available in White or Satin Grey.

WIRE SHELF BRACKETS

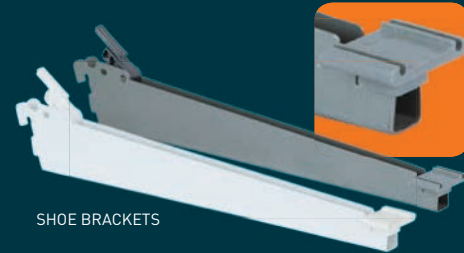

The Wire Shelf Brackets are design to be used with Wire Shelves. Each bracket features a unique locking mechanism to help secure the Wire Shelf into place. These brackets come in 350mm lengths to suit the Wire Shelves. Available in White or Satin Grey.

SHOE BRACKET

The versatile Shoe Bracket has been engineered to transform any wire shelf into a fantastic shoe shelf. The bracket features the same locking mechanism as the Wire Shelf Bracket, but holds the shelf at an angle making it easy to access your shoes. These brackets come with a clip to fasten the Wire Shelves to the bracket and come 350mm lengths to suit the Wire Shelves. Available in White or Satin Grey.

When installing multiple Sliding Shoe Racks, install from the bottom upwards to ensure you're maximising your space.

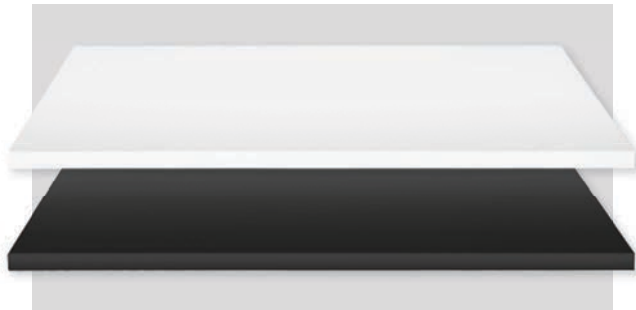

MELAMINE SHELVES

Melamine Shelves are great for storage or decoration. They are ultra-strong with a hard wearing Melamine finish making it very easy to cleaning easy. Perfect for use within the Home Solutions system.

Melamine Shelves are 16mm thick in thickness and come in lengths from 600mm, 900mm, and 1200mm. Available in Black or White.

Melamine Shelves can be used with both our Single Slot and Double Slot systems. For added security when mounting to our Double Brackets we suggest using screws to fasten the bracket to the board.

MELAMINE SHELVES: CHOOSE FROM WIDTHS OF 600MM, 900MM, AND 1200MM

To ensure stability and safety, fixing shelves to Double Brackets using screws is highly recommended.

PEG BOARD

PEG BOARD, TOTE BOARD AND TRAY SHELF

The versatile Accessories range is incredibly versatile and designed to suit many applications.

The **Peg Board** is designed to take standard pegboard hooks.

TOTE BOARD

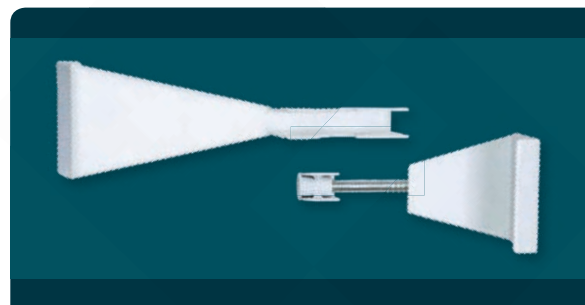

The **Tote Board** is designed to fit a range of Tote Bins making it ideal to hold anything from jewellery, watches and accessories to nails, buttons and other small loose items.

TRAY SHELF

The **Tray Shelf** is perfect for storing anything small from Alarm Clocks to Picture Frames, Jewellery to Sunglasses!

All of these accessories are designed to clip into our Double Slot Wall Strips and are available in White.

OVERDOOR HOOKS

Overdoor hooks are a great way to maximise your space. The hooks simply clip over the edge of your door and allow one of our Double Slot Wall Strips to clip into. Ideal for the back of Pantry, Bathroom and Bedroom doors.

Storage Baskets can be used with Double Slot Wall Strips and are a perfect way to contain all of your smaller items!

STORAGE BASKETS

The Storage Baskets clip securely into Double Slot Wall Strips and come in three handy sizes. Small baskets are

ideal for spice jars, vitamin bottles and small containers. Medium baskets are perfect for steel and aluminium cans, hair straighteners and coffee mugs. Large baskets are great for larger items such as liquor bottles, aerosol cans, hair dryers and much, much more.

FIXINGS

A range of quality fixings allows you to install Home Solutions Wall Strips and Hang Tracks safely and securely.

BELOW: COLOUR-MATCHED FRAME JOINERS ARE AVAILABLE TO SECURE EACH TOWER FRAME TOGETHER.

RUNNER FRAMES

Runner Frames and accessories can be combined in many different ways and can be easily adapted to suit your needs and space. You're able to stack Runner Frames stack together to create a tower height of your choice.

The Wire & Mesh Basket glide smoothly in the Runner Frames and has a stopper to ensure they cannot fall out of the other side of the Runner Frame. This secure system is designed to be free standing, there is no need to fix to walls.

With accessories such as the Connectors, Casters, Tower Shelves, Rod J Hooks the possibilities are truly endless!

Can be used anywhere in your home, office or garage. Even in damp areas like the bathroom and under covered balconies. Available in White or Satin Grey.

3 RUNNER FRAME

ABOVE: USE T CONNECTORS TO TOWER RUNNER FRAMES TOGETHER

T & L CONNECTORS

T and L connectors join the cross bars and tower sides together. T connectors are used if you want to join towers together, add frame feet or add castors.

CASTORS

Castors allow Runner Frame towers to be easily moved from one location to another. Cleaning underneath this truly versatile storage unit is now a breeze! Simply add Castors to T connectors at the base of each tower. A great option for those wanting to move the tower around for easy cleaning underneath. Perfect for bathrooms or office.

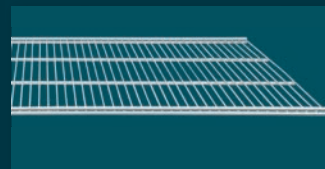

FRAME FEET

Frame Feet are made of a soft plastic and are added to the T connectors. The Frame Feet assist in preventing scratches to floor surfaces. Ideal for use on delicate Timber and Laminate floors.

FRAME JOINERS

Frame joiners simply connect tower frames together when side by side. This aids in rigidity of the total system. Available in White or Satin Grey.

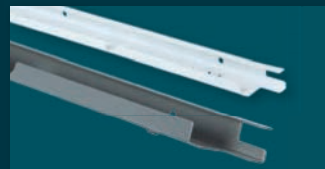

TOWER SHELVES

Tower Shelves transform the system into a Wardrobe/Storage Solution. Using the Tower Shelf Bracket, the Tower Shelves simply lock into place at the top bar of every Runner Frame Section. These are ideal for storing larger items or those that do not fit inside Baskets. Available in White or Satin Grey.

TOWER SHELF J HOOK

The Tower Shelf J Hooks as designed to attach to the underside of the Tower Shelf. Flexi Storage Hanging Rods are then able to clip in allowing you to hang clothes from the rod. This is a great option for those wanting a free-standing wardrobe solution. Available in White or Satin Grey.

TOWER SHELF CONNECTORS

Tower Shelf Connectors simply lock into the top bar of every Runner Frame Section [ie, at 3,5 or 7 Run intervals]. Available in White or Satin Grey.

TIMBER TOP

The Timber Top give the Towers a neat and clean appearance whilst protecting the contents in the top Basket. Available in White only.
